Dear Mr. McKenzie:

I'm writing to thank you for your help. I found your ideas and advice helpful at a time when I needed to make some difficult decisions. Your straight forward approach was refreshing after months of meeting others who operated differently. I felt the same professional attitude from Curtis and Mike, and found your office staff always courteous and attentive. The auction summary you prepared was very impressive and my mother (Madelin) was pleased with it. I will certainly recommend your services to others. Again we thank you for your help in finalizing things at Chapman's Bakery.

Sincerely yours,
