

John & Narrex:

Thank you very much for your thoughtfulness in donating your time and your skills to help us move research forward.

Your dedication to Jesse's Journey completed a wonderful story when coupled with the gift of the Monte Carlo car given to us by an incredible donor.

Jesse and I have always believed

that miracles happen when people work
together and John + Lauren, you are
living proof that that is true!

Thank you again for your kindness
It's appreciated very much

All the best

John Davidson
