August 2013

Dear John,

I want to thank you again for the work that you did in support of ACT Now, and specifically the Smash & Drive tournament. Your auctioneering added to the caliber of our event and we very much appreciate the way that you encouraged the attendees to participate in our auction. I am also grateful for the advice that you provided regarding the running of our auction.

Your support comes at a crucial time in cancer care. A wonderful support network has allowed ACT Now to become an established fund with strong community roots and visibility. For the first time, the ACT Now fund has been able to ensure that a patient is receiving a life-saving cancer therapy - this is a direct result of fantastic community support from you, and people like you. We enthusiastically look forward to continuing this tradition of assisting the cancer community where help is most needed.

Thanks again for all that you do for ACT Now. I look forward to having you on board again in 2014!

Sincerely,

Dr. Kylea Potvin
