Dear John:

I just wanted to send along a personal thank you John for all your help with our golf tournament at RiverBend on September 15<sup>th</sup>.

I am happy to report that we managed to net more than \$42,000 to carry on the work that Jesse began so many years ago.

Your hard work and the fun you generated in the room reflect the spirit of what we do at Jesse's Journey.

Thanks to so many Canadians like you we have become Canada's leader in funding research into finding a cure for Duchenne muscular dystrophy.  
Thanks for being a part of the team.

Jesse would be proud of you!

All the best John
